Design Contest
ME72 Engineering Design Laboratory
Fall Term, 2001
Key Function Test
Due: Thur, 8-Nov at 2:00 pm

1. Create a full-scale layout (one top view) drawing of your device, showing the major components, including the receiver/controller module and the battery pack.

2. Briefly describe (1-paragraph to 1-page, at most) your Key Function parts or assembly and how it is intended to operate.
