ME72  Engineering Design Laboratory  
Fall Term, 2002  Mail-Registration Application

Name ____________________________  Last  First  (please print)  

E-mail address ____________________________  UID ____________________________

Student House ____________________________  If “none”, please so indicate.

Option (circle one):  (Applied & Computational Mathematics)  (Applied Physics)  (Astronomy)
(Biology)  (Chemical Engineering)  (Chemistry)  (Economics)
(Electrical Engineering)  (Electrical & Computer Engineering)  (Engineering & Applied Science)
(Geology, Geochemistry, Geophysics, & Planetary Science)  (History)
(Independent Studies)  (Literature)  (Mathematics)  (Mechanical Engineering)
(Physics)  (Science, Ethics, and Society)  (Social Science)

Expected/Intended Major or Concentration Area (e.g. Aero) ____________________________

Academic Advisor’s Name ____________________________

If graduating in 2003, Expected number of units required to graduate as of October, 2002: ______

Are you a Transfer or 3/2 Student (from another school)?  NO  YES
Have you taken ME71?  NO  YES  Grade ______  Year ______
If not, are you familiar with machining?  NO  YES
If not, have you taken the M.E. Shop Safety Class?  NO  YES

Have you taken AM35abc? (circle terms completed)  AM35a  AM35b  AM35c
If so, what grades did you receive?  Grades ______  ______  ______  Year ______

Have you ever taken a drafting class?  NO  YES
Have you taken ME170, or are you familiar with CAD?  NO  YES

T-Shirt Size (100% Cotton):  Small  Medium  Large  X-Large  XX-Large

Why do you want to take this class (in a few sentences)? Continue on the back of this sheet, if necessary.

Please indicate your INTEREST in attending this class and taking it for credit:
No interest = 0  1  2  3  4  5  6  7  8  9  10 = very high interest.

Please indicate the likelihood that you will DROP this class:
Definitely will DROP = 10  9  8  7  6  5  4  3  2  1  0 = no chance of dropping.

It is VERY STRONGLY DIScouraged that anyone DROP this class after the first week. Obviously, legitimate circumstances can arise, necessitating withdrawal, however, the enrollment in ME72 is limited, therefore if you drop the class, you will have taken a spot away from someone else. If you can’t attend, please DROP by the end of the first class. It will take a really good, and verifiable, excuse to drop after that. This class is offered grades only, no pass/fail, no E’s or I’s. Attendance is mandatory. Students will work in teams of two. If you are admitted to the class, and don’t attend, your spot on the roster will be given to someone else (unless you have a really good excuse). If you are not admitted, and really want to attend the class, attend the first 2 classes. If you don’t attend the first 2 classes, you have no hope of getting in. If you do attend the first 2 classes, then there is a slim chance that a spot may open up for you.
A tentative list of students eligible to attend ME72 will be posted outside room 321 Thomas a week after the close of Mail registration.

Signature ___________________________________________  Date __________________

It will be considered an Honor Code violation of any of the above information is false.
